PROFESSIONAL SUMMARY

Frontend Developer with a keen eye for crafting interactive and user-friendly web applications. I specialize in React.js, JavaScript, Tailwind CSS, creating interactive, user-friendly, and visually appealing web applications. My goal is to deliver seamless digital experiences that engage users and drive results. Currently, I'm exploring backend development, learning Node.js, Express.js, MongoDB, and MySQL to expand my skills and transition into full-stack development. I enjoy solving problems, optimizing performance, and bringing creative ideas to life through clean and efficient code.

EXPERIENCE

INDUSTRIAL ATTACHMENT [WEB DESIGNER]

CREATIVE SKILLS LIMITED | DHAKA, BANGLADESH |
[1/7/24 - 9/10/24]

CERTIFICATE

During my industrial attachment, I have had the opportunity to work with a diverse set of technologies, including HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, React.js, and Figma. This experience has not only strengthened my front-end development skills but has also allowed me to design and implement responsive, user-friendly interfaces

PROJECTS

DOCTOR-APPOINTMENT(WEBSITE)

[GIT REPO.](#) [LINK](#)

- User-friendly Booking System: Allows patients to schedule appointments with doctors.
- Doctor Listings: Displays available doctors with their specializations.
- Patient Management: Enables users to manage their appointments.
- Responsive Design: Works across different devices for accessibility.

PERSONAL PORTFOLIO

[GIT REPO.](#) [LINK](#)

The portfolio features a clean, modern design with a professional layout. It includes sections for an introduction, skills, projects, and contact information.

- Projects: A showcase of selected work with descriptions and links.
- Skills Section: A clear presentation of frontend and backend technologies.
- Contact Form: An easy way for potential clients or employers to reach out.

Overall, it's visually appealing and effectively communicates the developer's expertise and passion.
